## From the President's Desk

**Rtn. Dr. Srikanth AVS**

Being President of the Rotary Bangalore Indiranagar is an honor and privilege. I thank the Club and its members for the trust and belief they have reposed in me.

I, for one, had not imagined that I would be presiding over meetings, and that ZOOM would be a part of our daily life and the new order in fostering friendship and fellowship. It has transformed us as individuals as we learn to prioritize our wants, health and well-being, over everything else.

What I've learnt is even though this lack of physical interaction is an irritant and not an ideal situation, it need not limit us from getting the job done.

After attending many meetings over Zoom, I have come to realize that members continue to participate with the same enthusiasm and willingness as before. That was the change I was looking for, the willingness to adapt.

It has been five months and 7 days since I took over the mantle of this wonderful club and so far, we have achieved a lot, but still much more needs to be achieved.

At Rotary Bangalore Indiranagar service projects are an ongoing process 365 days and it goes on 24/7. Given the enduring purposes and inspiring principles of our Club, we need not shout its praises or preach its virtues. We simply need to live them every day: step by step, project by project.

Needless to say, in these past five months, we have been able to go ahead and sustain our multi-year projects and for us it's been business as usual even during these harsh times. I am humbled by the gesture of our members that over the last 5 months, they have contributed around 1.5 Crores to all the projects.

I am proud to say that none of our projects have been stalled or slowed down because of the Pandemic. We have been able to continue with our signature and unique projects under community service. We have been able to raise funds through Crowd funding, CSR funding, and have forged new partnerships.

It is generally said that once GOV is completed, 90% of the President's work is done, but in my case, I feel it's just begun, and I have only seven more months to finish what I had set out for.

As RI President Holger Knack has said, we need to grow Rotary organically by sustenance, which is what we have tried to do. I believe sustenance has been the hallmark of this Rotary Year till now and I definitely will continue to do so.

My role as President has been made much easier as I have the unflinching support of my Team. I can't thank enough my board & our Club members who have been supporting me and our Club's activities, and all this was also possible due to support from our partners in service.

Friends, for the next 7 months I have some big dreams and I am sure with the support of you all, we can make a difference to the society. It's not that simple though, certainly not the case that we can just carry on regardless - we still have a few challenges ahead of us.

RBI is one of the best in our District, it surely is! But let's not be too complacent here. We need to work hard, in fact very hard, to complete the projects we have targeted.

Let's all come together, join hands, our collective resources, and make the Rotary Foundation formidable; what we had envisaged for this year.

Rtn. Dr. Srikanth AVS

President, 2020-21

Rotary Bangalore Indiranagar

# Rotary International President's Message

## Rtn. Holger Knaack's Message for Month of December 2020

As I look back on 2020, I reflect on how our lives have changed. The global COVID-19 pandemic brought pain and loss to many of us. And for almost all of us, our daily lives, family time, and work also changed this year. But we've made it to the end of this difficult year, not on our own but by reaching out to one another, as we always do in Rotary. With each passing year, I become prouder of our organization. I will choose to remember 2020 as a year of great change and strength for us; Rotary didn't stop, despite the pandemic. We removed obstacles, found new ways to connect, and embraced new approaches to service, such as online projects and virtual fundraising. I have invited two Rotarians to share their stories about how Rotary grew stronger this year.

*When the pandemic shut everything down, our emerging e-club was already providing digital service, including internationally. Fourteen U.S. women and I, members of multiple Rotary clubs, were using WhatsApp to mentor women entrepreneurs in rural Costa Rica, helping them to grow their ecotourism business, RETUS Tours [the subject of the magazine's May cover story, "Nature & Nurture"]. The project has grown, with 30 Rotarians now providing consulting and help with the RETUS website and social media. Most importantly, we continue building relationships and empowering these women to transform their own lives, and we are doing it online. I've even helped one of the women, Rosa, prepare a presentation in English for an online international conference. While our engagement with the Costa Rican women still requires some hands-on activity, the most transformative impacts haven't had to be in person. — Liza Larson, Rotary E-Club Engage and Rotary Club of Plano East, Texas*

*I was president of my club when COVID-19 hit, and many members didn't yet have Zoom. Only 10 of our 53 members participated in the first Zoom meeting during the pandemic. I thought that reaching out and getting guest speakers from around the world to engage our members would help. Many Rotary leaders, a Rotary Peace Fellow, and even RI President Holger Knaack visited virtually and spoke to our club. Meeting attendance improved, while we reduced running costs by cutting out meals. Some members who worked outside our city and had missed our meetings even re-joined us. Registering our online meetings on My Rotary enhanced contacts with clubs across the world, and the joint meeting addressed by Holger attracted more than 300 visitors. We also raised more funds as members and visitors contributed to our projects. To continue being flexible for all, we are now offering hybrid meetings. For me, 2020 has been the best year in Rotary as I've made many new friends. — Blessing Michael, Rotary Club of Port Harcourt North, Nigeria*

These stories should give us all reasons to be optimistic about Rotary in the year ahead. We are not just surviving; we are gaining strength. We are discovering how resilient our organization truly is. We are seeing for ourselves how Rotary Opens Opportunities — even during pandemics — to grow, connect, and engage our members and the communities we serve.

From our home in Ratzeburg to yours, Susanne and I would like to bid you and your family the warmest of season's greetings. We can't wait to see the good things that 2021 will bring.

HOLGER KNAACK  
President, Rotary International

Rotary Opens Opportunities

## Message from the District Governor

Dear Sky Rockers,

I bring Greetings to you from RI President Holger Knaack and Susanne.

Rotary Bangalore Indiranagar has always been special to any District Governor from the past several years. It is always been looked as a model Club by many clubs in the District. From conducting of weekly meetings to executing of mega projects, Rotary Indiranagar sets an example for others to replicate. The Club Leadership Plan followed by your Club is widely appreciated.

The first five months of Rotary Year 20-21 has been very hectic with all the Clubs involving themselves in various activities even in this COVID situation and challenging economic conditions.

The District team has come out with some unique projects. 'Spreading Smiles' an initiative project of District Women In Rotary team, to spread awareness on women health and distributed Apollo Pink Cards to all women members in the District was very much appreciated.

Focus on Agriculture by bringing in new technologies to the farmers and encouraging them to embrace them is being done by the District Agricultural team. The first such program was organised in Malavalli recently, where in Israel farming technology was brought to the local farmers. Saplings of fruit bearing trees are also being distributed to needy farmers.

An agreement has been entered to between RID3190 and KSRTC & BMTC to convert their old buses to help the needy community with labs, libraries and other utilities. First such Airavata bus is being getting ready to be used by Kidwai as a blood collection vehicle. Many Clubs have shown interest to set up mobile laboratories and libraries. Blood Bank, Preventing Animal and Human Conflict prevention at Bandipur and 'Gramalakshmi' projects are some of the unique projects of the District.

Karunashraya, a signature project of your Club is a "must visit" showcase project, of Rotary Indiranagar. Kudos to you all for providing dignity to the terminally ill patients in this abode of compassion. Netradeep, your Eye Care project, and your support to Heart Surgeries is highly appreciable.

Rotary Bangalore Indiranagar, under the leadership of Sky Rocker President Rtn. Srikanth has stood by me from the very first day. Your support to the COVID Care Centre at the Peenya Bus Stand is commendable. I would like to request all the members of Rotary Bangalore Indiranagar to contribute liberally to The Rotary Foundation as being done in the previous years and also to actively support the District projects and events.

Stay Safe,  
Yours in Rotary,

Rtn. Nagendra Prasad  
District Governor, RI Dist 3190.

# Club Secretary's Report

Impeccable combination of brilliance and repartee – Rtn. Balakrishnan Narayanan

It is indeed an honor and privilege to be able to present to you the activities of the club from July to November for the Rotary year 2020-21, on the occasion of the Governor's official visit on 07/12/2020. I would have loved to present an audio-visual report but as a lot of things have happened online, I am constrained to present a more verbose report. Kindly bear with me.

This year has been a challenging year to execute projects on the ground due to the Pandemic. Rotary Indiranagar however has strived to keep the momentum on by focusing on projects and activities which can be executed without compromising the safety of the members and stake holders.

## Club Activities

### Membership Development and Engagement

- Two new women members have been inducted during the year. The club strength now stands at 137.
- 20 Meetings have been conducted including 5 joint meetings. Joint meetings were held with 10 Bangalore clubs and 2 Sri Lankan clubs. Average attendance in meetings was at 70%. Speakers from various walks of life from across India addressed our members online, including renowned personalities like Lt. Gen Mohinder Puri and Past RI President K.R. Ravindran.
- Innovative fellowships were conducted in online format like Fun Gun Rotarian, Independence Day fellowship, Utsav and Maalamaal. The fellowship events combined entertainment and games in which Rotarians and Anns participated enthusiastically.

### Systems and Processes

All subscriptions have been collected and all district and RI dues have been paid on time. Board, Trust and committee meetings are conducted every month to plan and monitor the activities. Quarterly Strategy and succession planning meetings have been held to discuss long term strategy and leadership development.

### Public Image

- Six issues of SEVA have been published and circulated widely showcasing our projects, including a special issue on Karunashraya. A few projects and events were covered in Newspapers and Television. Important events and meetings were streamed through RBI's Youtube channel. Our website, Facebook and Twitter profiles are active and updated regularly.
- A Press meet was organized along with Needy heart foundation to mark the completion of 10,000 subsidized/free heart surgeries.
- GML and Rotary News carried articles on heart surgeries and homograft bank projects and also featured Rtn. O.P Khanna.

### Fund Raising

Crowd Funding, CSR and contributions from our own members have been the main sources of funds for the projects. Around 3 Crores have been raised in this Rotary year, as detailed below:

- CSR Funding - 1.4 Crores raised from Companies and trusts towards Covid Relief, Blood donation and Eye Surgeries.
- Crowd Funding - 25 lakhs raised through Crowd funding Campaigns for Lake Rejuvenation, Cancer treatment and Covid Relief.
- Contribution from Members - Members of Rotary Indiranagar have contributed around 1.4 Crores for Scholarships, Skill development, Covid, Heart Surgeries, and Karunashraya, amongst others.

## Community Projects

### Disease Prevention and Treatment

- Karunashraya continues to provide palliative care to both inpatients and home care patients. 300+ inpatients have been supported this year and an average of 60 home care patients receive treatment every month. A contribution of 10 lakhs+ has been made to Karunashraya under to 2626 scheme to support one patient for a day at Rs. 2626.
- 335 cataract surgeries have been completed at Netradeep Kolar and Netradeep Tumkur, hospitals. Funding is available for 1000 Surgeries. More than 2000 patients have been screened and treated in the OPDs.
- Support for heart surgeries has restarted with 6 heart surgeries at Jayadeva Hospital.
- Around 100 Dialysis procedures have been supported through Dialysis consumables support project.
- Around 200 Chemotherapy cycles have been supported for Cancer patients.
- 125 students have benefitted from online Dental Hygiene awareness sessions at Govt High school Garudacharpalya and Cauvery Schools.
- A contribution of 22 Lakhs has been made to TTK blood bank to support blood donation and related activities.
- Rotary Indiranagar is supporting the construction of Jain Mission hospital through a global grant. The construction is progressing well and is being monitored.

### Covid Relief

- 25000+ masks were gifted to various hospitals and police personnel at a cost of Rs. 2.8 Lakhs.
- Facilitated donation of RTPCR test equipment to NIMHANS with RBI's own contribution of 2 lakhs and a total contribution of 42 lakhs.
- Facilitated a donation of Rs.49 lakhs to Covid Care centre at Peenya.
- Donated a large consignment of PPE kits and Sanitizers worth Rs. 2 Lakhs to Kidwai hospital.

## Basic Education and Literacy

- Scholarships worth Rs. 1.08 crores have been disbursed during the year helping 500+ students pursue higher education.
- Scholarship corpus for higher education stands at Rs. 2.65 Crores. An addition of 45 lakhs has been made this year.
- Primary education of 45 children supported with a contribution of Rs. 4.45 lakhs to BGMS.
- 5 Anganwadis have been renovated at a cost of over 10 lakhs in Hosakote and Bangalore Taluks.
- MOU signed between the Education Dept and RBI for renovating a primary school on Old Madras Road at a cost of Rs. 40 Lakhs. The school will be renamed Rotary Bangalore Indiranagar Higher Primary School.
- Trainers from Royal Society of Chemistry imparted training to 35 science teachers.
- 10 teachers have been honored with Nation builder award.
- An award with cash and trophy for best teachers in 9 adopted schools has been instituted with corpus contribution from Rtn. Ashok Saraf.
- An Online session on Internet crime conducted for 200 students of Deen's academy.

## Economic and Community Development

- Crowd Funding campaign launched to provide Tri cycles to women for Self-employment especially in the aftermath of Covid.
- Construction of Office premises at Bharatiya Gramin Mahila Sangha (BGMS) which has been done with the support of RBI completed. This will help BGMS provide better facilities for rehabilitation and livelihood opportunities for women.

## Maternal and Child Care

- 5 Anganwadis restored at a cost of more than 10 lakhs. One at PRK Nagar in Bangalore and 4 in Hosakote Taluk, providing better facilities to mothers and children.
- An online session on Breast cancer titled Demystifying cancer was conducted for Anns and invitees by Dr. Jayashree Simha and Ms. Sharadha a breast cancer victor.
- A crowd funding campaign jointly with the Inner Wheel Club of Bengaluru Blossoms was launched to raise funds for and distribute Menstrual hygiene cups/Reusable sanitary napkins, for women police personnel and nurses from government hospitals.

## Environment

- 600 Saplings planted at Manae lake which was renovated last year with RBI's support
- Crowd Funding Completed for Lake Renovation at Chikkenahalli in Tumkur District. Work to start soon.

## Youth Development

### Rotaract and Interact

- RBI supports 5 Rotaract and 14 Interact Clubs. 2 Rotaract and 4 Interact clubs have been installed online. Others will be installed once the schools and colleges reopen.
- Rotaract club of Indiranagar is actively involved in Blood donations, Tree planting and Animal care.
- Rotaract club of Surana had a food donation drive and distributed 250 food packets to the needy.
- The Interact club of Navaprajna Public School collected food and clothes to be donated to the housekeeping and admin staff of the school.
- A Panel discussion on Entrepreneurship was conducted for the Rotractors, with eminent Entrepreneurs of RBI taking part and giving information and inspiration to the Rotractors.
- Interactors and Rotractors participated in “Namaste” – District RYLA Program.

### Sports & Culture for Youth

- RBI has been conducting various competitions and tournaments for the youth, which act as platforms to exhibit and enhance their sports and cultural talents.
- More than 500 students participated in various events conducted.
- Inter Collegiate Quiz – Students from across India including from premier institutions like IITs and IIMs participated.
- Chess Tournament – A new event in BLITZ chess was started this year for Junior School children.
- Raagalahari – Classical Music and Dance Competition in Junior and Senior Category for children from 10 to 18 years was conducted, where participants showcased their Carnatic vocal and Bharatanatyam talents.
- SAEVUS Eco Quiz – A quiz on environment was conducted for Students and their families in collaboration with SAEVUS, an Environmental Magazine.

## Vocational Service

- Career counselling for over 1000 students has been done through online sessions.
- On Aug 9th we had an awe inspiring and stimulating virtual 'Panel discussion on Entrepreneurship' for young students.
- A new skill development initiative to train students in computer installation, configuration and support has been started in partnership with NTTF. First batch Of 26 students fully sponsored by Rotary Indiranagar at a cost of 2.6 lakhs has started with assured employment opportunities. RBI will support 100 youth to get trained by the end of the year.
- Conducted a one-of-a-kind virtual tour of a historical site near the Pyramids of Giza.
- Conferred the Vocational Award to Rtn. Ganesh Balakrishnan for Career Guidance.

## International Service

### Foundation Giving

- Rotary Indiranagar has so far contributed 5000 USD towards the foundation.
- Commitments for USD 5500 are being made today.
- RBI will exceed its commitment of 27000 USD by the end of the year.

### Fellowship Groups

- Rotarians from RBI are taking active part in various fellowship groups. IFMR, IFRM, Wine Fellowship and Golf Fellowship groups to name a few.
- Rtn Vijay Mane is taking part in the Combat COVID Ride.

Rotary Indiranagar has in the past five months worked towards accomplishing the objectives that it has set at the beginning of the year. The club is eagerly waiting for normalcy to return so that the activities can happen at an accelerated pace.

# Raagalahari 2020

## Indian Classical Music & Dance Competition

The culture of classical music and dance is not only alive, but promising and vibrant amongst the youth of the day, as evidenced by the very encouraging response to our annual dance and music competition, “Raagalahari”, conducted by the Youth Services avenue of Rotary Bangalore Indiranagar.

This competition is held to encourage children who pursue Classical Dance and Music art forms, by providing them a platform to showcase their talent across several events - Carnatic Classical, Light Classical Devarnaama /Bhajans, Folk Songs, and also Bharathanatyam – Solo and Group; thus upholding the essence and beauty of our Indian Culture.

Raagalahari had very modest beginnings in the year 1998. This was subsequently carried forward by Rtn. Dr AVS Srikanth (our current President) from the year 2002, in the memory of his parents as “*Dr.Sridhar and Smt. Indira Sridhar Memorial Music and Dance Competition*”. Nobody would have thought or visualised how impactful this competition would turn out to be, over the many years!

The first time this was held at our Rotary House of Service, Indiranagar, the response was overwhelming, garnering nearly 150 registrations over all the categories. This prompted the organisers to look for larger premises, and with the help of Rtn. Venkat Reddy, the venue was changed to Poorna Prajna Education Centre, Thippasandra, for the next few years.

In the year 2016, another benevolent Rotarian, Rtn. Balakrishnan Narayanan joined hands with Dr Srikanth in sponsoring the program, and re-launched the Competition as ‘RAAGALAHARI’.

The excellence of the competition can be gauged not only by the quality of the performances, but more so by the quality of the judging. Each year, eminent personalities in the field of culture and arts, willingly step in as judges for the event. It is so heart-warming to see the buzz and the excitement surrounding the children and their parents, and the sensitivity with which the judges impart their tips and invaluable feedback. Over the years, the popularity of the competition has resulted in the participation increasing steadily, to around 250 in the past few years.

This year was different. The pandemic posed serious challenges to the event and got the think-tank thinking. But, trust RBI to rise to the occasion, and that too, in such style! The tech-strong team of Rotarians Balki, Narsi and Gopinath, worked on an online format, ensuring that the integrity of the beauty of the performances was not compromised in any way.

This was no easy task, and required hours of brainstorming and testing, and tweaking of existing strategies. They were ably supported by a small army of volunteers, Pavitra, Kavita Kekre, Kavita Pishay, Meenakshi, Vidhya, Chaitra, Sowmya, Seetharam, Saravanan, and were lead from the front by President Srikanth, First Lady Sowmya, and Secretary Balki who went through each detail with a fine-tooth comb. It's hardly surprising that more than 200 man-hours were spent on the

planning and execution of Raagalahari, this year.

The invitations, screening and formats had to be specifically designed to accommodate the new platform. The competition was conducted over two separate rounds. The preliminaries were held over a long weekend, culminating in a talent packed finale on another Sunday. The programme went off extremely smoothly and was much appreciated by all who were part of it.

Despite the limitations posed by the pandemic, overall there were 125 performances by the children, judged by a large panel of 14 judges. The Valedictory function was also held online, and the Chief Guest was Dr. Raghavendra.

The performances were an aural and visual treat, with an abundance of talent on display. A fantastic show, graced by many of our Rotarians and Anns. All-in-all, a Sunday very well spent!

## “Shakti” the Feminine Power

“Shakti” the feminine power: A seminar by Srividya Nagaraju, is what the invite said; for yet another round of the Anne’s meet of “Femme Fantastic” fame RBI ladies group. Little did any of us know what to expect... yet logged into the session with a lot of expectations. The session got to a start with the first lady welcoming the guest and the participants, and with a flag off from Supriya, Varsha introduced the guest speaker to us.

A psychologist by education with a double Masters, a learning facilitator, corporate leadership coach and an Indic-wisdom enthusiast by profession, an alumni and a guest faculty of IIM-B with a rich 25 years’ experience behind her, Srividya is widely travelled, internationally acclaimed. She is a TEDx speaker, has been interviewed by TV/Radio channels across, is an award winner of Women Achiever.. the list is not exhaustive.

The session got to a start with Srividya nudging us to think, if woman is shakti/power, why empower women? India, by tradition respects and worships women; we worship Shakti as the Goddess of power, wealth and wisdom. Yet, somewhere over the years the graph went down; and hence a need for a reminder, a need to rekindle and nurture the power that lies within.

Sharing the image of ardha-nareeswara, she says, basically all of us have all the power within – both the masculine and feminine energy exists. What is predominant in us, is just a result of our upbringing, our culture and hence we forget some of it. Plus, life is all about balance. It suffices to be aware so as to know what to use and when.

The session moved on to a more interesting part, with Srividya throwing a set of questions to us. Do we know who we are? Primarily, she says we are so occupied & pre-occupied thinking for others, that we stop thinking for ourselves. The questions which looked simple, turned difficult, when we started jotting down our responses, though they were meant to be about our own selves! To share a few:

What do you like best about yourselves? And what do you dislike/puts you off? What brings a smile to your face/makes you happy?	What is important to you and what do you value most? What do you always want to remember, what do you want to let go of? What do you want to start doing today and stop doing now?
---	--

Next, she went on to draw our attention to say ‘what we focus in life is what expands’. In each one’s life there exists a circle of influence, and a circle of concern; one on which we have control and the other on which we do not. When we focus on things on which we have control, the so called ‘stress’ gets to be handled better.

So, to move to a level of power of satisfaction – both for ourselves and to reach out to others, she beautifully explained how, by using a set of questions, one could ease one’s so called problem situation.

The final part of the presentation displayed a four quadrant matrix of gain-loss, gain-gain, loss-gain and loss-loss. How one responds to a situation/in a situation, determines the next step. Does a loss turn into a deeper loss ? Does a gain, transpire into a loss? Or, does a loss turn into a gain? True life stories shared by Srividya made her get across to us with ease.

We did have a Q & A time, though the session remained interactive throughout and should I say her responses were so precise and perfect. The session concluded with Asha Vaswani proposing a formal vote of thanks.

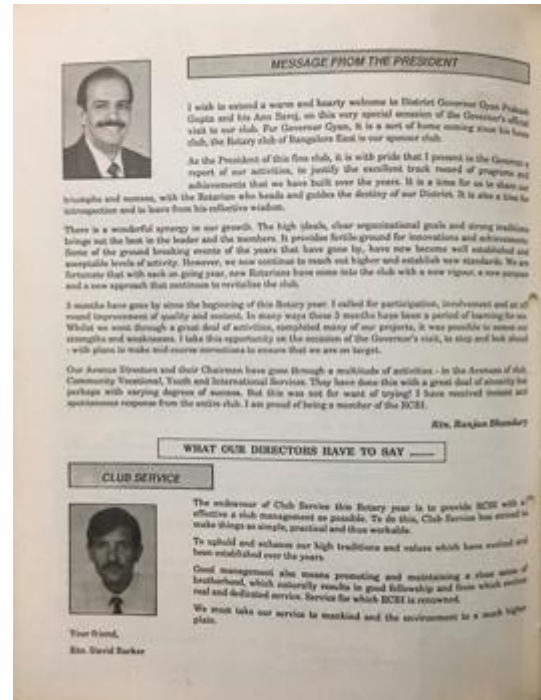

Just to share, Srividya herself has undergone personal trauma (she had to deal with a bad marriage and was forced to give up custody of her daughter). But she turned this loss situation into a turning point in her life, pursued her education, did a double Masters’, joined IIM-B for a course and continues to be a guest faculty there and is a success story which is inspirational. No wonder, her catchword is “ You must inspire yourself before you inspire others”.
