Story of the Blood!

The President's Thoughts

Dear Friends

Though Rotary International has redefined the designated months, many Rotary Clubs in India including ours, continue to observe September as the Youth Service Month or the New Generation Month. September 2021 was therefore a very busy month for our Youth Service team ably led by Director Rtn. Sridhar Pishay.

Activities gradually returned to normal at all the schools and colleges as was evidenced by the installation of the office bearers of many of our institution based Interact and Rotaract Clubs. Our annual youth service events like the Inter Collegiate Quiz Competition was held during the month. The icing on the cake was the Charter of the new Rotaract Club of St. Joseph's Evening College. Kudos to the entire Youth Service team for ensuring a vibrant month. Our Club was well represented at the District Youth Service ICGF.

RBI's projects under Community Service continued unabated during the month. Community Service Director Rtn. Narssimhan Kannan's immaculate reporting ensured that not a single detail was missed. Besides our regular 'G S Khanna Awards of Excellence' for students, a new award namely the 'Asha Saraf Teachers Excellence Award' was instituted by our ever generous Rtn. Ashok Kumar Saraf in memory of his late wife Mrs. Asha Saraf who herself was a teacher. During this inaugural year, one teacher each from eight of our associated schools will be honoured with this award which carries a trophy, certificate and cash prize.

TEAM RBI at the ICGF

RBI's support to free Eye Surgeries, subsidized Heart Surgeries, free Blood for the Needy, etc. continued to help those requiring medical assistance. Our scholarship team was kept busy with the numerous interview sessions conducted to select the deserving candidates. Team Karunashraya got busy at Bhubaneswar, working hard to make the proposed Bagchi – Karunashraya Hospice a reality. Our Hosa Belaku project commenced at the Sudhamanagar Slum.

RBI's vocational courses at Nettur Technical Training Foundation (NTTF) and Gandhi Institute of Computer Education & Information Technology (GICEIT) gathered steam after a pandemic induced slowdown. The regular Career Guidance, Rotary 4 Way Test & Virtual Tours of Historical Monuments continued.

The guest speakers at our weekly meetings during September 2021 were exceptional. The evening spent with Retired Justice Shri N. Santosh Hegde was memorable. The induction process has commenced for 6 prospective members and we look forward to induct them into our Rotary Indiranagar family in October 2021.

The first quarter of the Rotary year 2021-22 has drawn to a close. Congratulations to our Directors and our committee chairs & co-chairs for ensuring the momentum was maintained right through the quarter. Appreciation to our Editor Rtn. Kavitha Paramesh for three wonderful issues of Seva and to our Club Secretary Rtn. Supriya Kandhari for her cheerful efficiency.

With the pandemic having been reined in, conditions are gradually returning to normal. Most of the projects are now in person. I look forward to meeting many more of you at projects and fellowships during the second quarter. Your encouragement helped keep the Board Members motivated and to perform to the best of their abilities. Your generosity ensured that the funds for our various projects kept flowing in. Thank you all for your support as we continue working together so that we may “Serve to Change Lives”.

With warm regards,

Rtn. Fazal Ur Rahaman

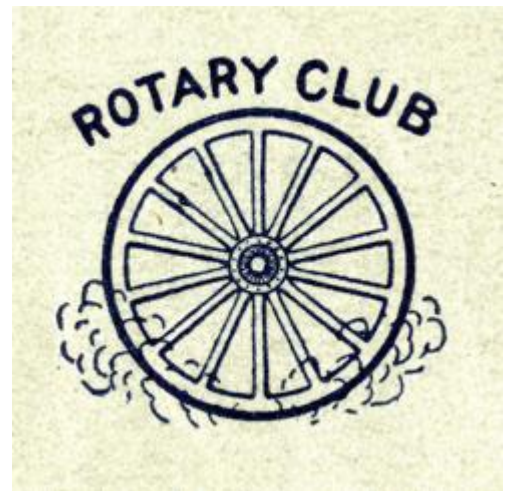

President 2021-22

Rotary Bangalore Indiranagar

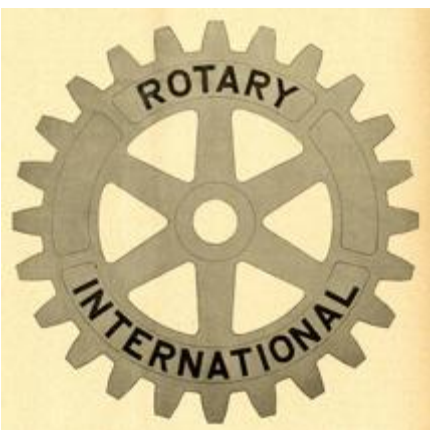

Rotary Trivia - Rotary Emblem

Do you know the history of the Rotary emblem? The Emblem dates back to as early as 1905 ! It has of course, undergone changes to reflect the vision and intent of Rotary International over the years. However, the Wagon Wheel remained the core of the Emblem.

The emblem was the emblem of the Rotary Club of Chicago which over the years became the emblem of Rotary International. In 1905, Montague M. Bear, an engraver and member of the Rotary Club of Chicago, sketched a wagon wheel with 13 spokes as his club emblem. However, his fellow members felt that it was static and lifeless. He added some clouds around the wheel and that too was objected as members were of the view that clouds around the wheel looked like dust. Bear responded by superimposing a banner with the words "Rotary Club" over the clouds.

In the year 1911, the then Secretary Chesley R. Perry recommended that every club should have the wheel as part of its emblem and the design of the emblem be submitted before the 1912 convention in Duluth, Minnesota, USA. Each club had its own emblem with a wheel which was not standard in terms of the number of spokes, cogs etc. and was causing confusion.

In order to standardise the Emblem, a committee consisting of Rtn. Charles Mackintosh, of the Rotary Club of Chicago, Illinois, USA, and Rtn. Oscar Bjorge, of the Rotary Club of Duluth, Minnesota, USA was constituted. Rtn. Bjorge designed a wheel with six spokes, 24 cogs, which was similar to a gearwheel. This was adopted by the Board in 1919 and it was approved in the 1921 convention.

Rtn. Will R Forker of Rotary Club of Los Angeles modified the Emblem in 1924 to include a Keyway into the hub, which represents the living force and a real working wheel. The wheel with the Keyway was approved by the Board in 1924 and formally adopted in the Convention of 1929.

This remained unchanged for a long time. It was in the year 2013, the word 'Rotary' was included next to the wheel though the Emblem had the words Rotary International within the wheel. The wheel is not just a logo but has a larger impact as a Mark of Excellence. The usage of this Emblem is subject to the guidelines issued by the Rotary International.

It's good to be blessed. It's better to be a blessing!

October 2021

Know Your Club

Project in Focus – Blood Donation
and Blood to the Needy

The Story of Blood

Access to safe blood has always been a challenge particularly in India. The pandemic has exacerbated this. As per the reports of Indian Red Cross Society, blood donation has come down by 100% post pandemic and this is alarming!

A 2019 report referred to a study by *The Lancet* which said that India battled a shortfall of 41 million units, and that was well before Covid. One can imagine the kind of blood shortage India is facing now. Added to this is the wastage.

Blood is needed not just in major medical procedures and surgeries but also in maternal care and it also plays a vital role in the lives of the people who require blood transfusions regularly in blood disorders such as Thalassemia. Thalassemia is a blood related genetic disorder caused by a lack of genes or errors in genes responsible for producing hemoglobin and they are unable to generate required Red Blood Cells (RBC). Due to this, a Thalassemia patient requires blood transfusion every 2-3 weeks to survive.

India has over 40 Lakhs individuals carrying Thalassemia and ranks first in the list with highest Thalassemia patients! Every year, more than 10,000 children are born with this disorder and almost 50% of them do not survive till the age of 20 due to the lack of access to treatment. In most cases, this disorder is inherited.

If you think the shortage of blood could be resolved by enabling more blood donations, you are mistaken! It is not only the donation, but the storage, processing and distribution of the blood to the needy patients within the shelf life of the various components of the blood that is also critical and these post collection processes involve huge costs.

As per reports, India wastes 6.5 lakh units of blood and blood units. Blood is considered as wasted when it cannot be transfused to a patient. This could be due to deterioration, expiry, leakage, contamination of the blood, delay in testing the collected blood etc.

There are three components of blood apart from the whole blood viz. plasma, platelets and RBC. Each of these components have different shelf life and usage. Plasma can be stored for a year whereas platelets have to be used within 5 days and the whole blood and RBC have a shelf life of 35 days only.

As always, our Club, Rotary Bangalore Indiranagar has put its best effort in organizing blood donation camps as well as in distributing the blood to the needy. RBI helps in funding the cost of testing, preservation, and extraction of the components in blood.

Rtn. Zarryl Lobo and **Rtn Latha Amashi** have taken the lead in these projects and are quietly serving the society.

Rtn. Latha Amashi, who is fondly called 'Blood Sucker', is contributing in the area of organizing the blood camps and creating awareness on the importance of blood donation along with encouraging people to volunteer to donate blood. Her confidence and determination in getting volunteers to donate blood is just incredible. This determined and committed Rotarian leaves no stone unturned and ensures that she collects her target blood units. Her way of convincing volunteers is "*donot let fools or mosquitoes suck your blood, put it to good use and save lives*". One just cannot refuse after hearing this from her and is compelled to volunteer!

Rtn. Latha Amashi dedicates almost 4 hours of her day for the cause of blood donation. It could be networking, talking to organizers and blood banks or talking to volunteers and onboarding them for the cause. She has organized several blood camps over the past 14 years. She spearheaded the blood donation camp organized by our club across 13 locations in Karnataka and collected a record

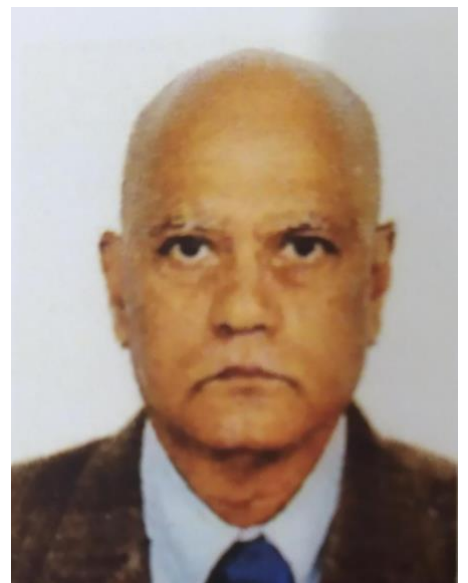

of 3034 units in 8 hours !! This was a historic moment and is in the Guinness World record. Mind you, this record is not broken till date!

Rtn. Latha has also stepped into the realm of stem cell research, and aid for thalassemia patients. Her new dream is to get as many people in India as possible to register for bone marrow donation in the worldwide registry.

Rtn. Zarryl Lobo is passionate about the distribution of blood to the needy and has been working for this cause for the past 23 years! He means business and nothing else. Ensuring the supply of blood to the needy is all that he is concerned about.

Under this project, the collected blood is tested, processed, the various components are extracted, preserved and then distributed to the patients and particularly Thalassemia patients who cannot afford to pay for the blood. The blood to the needy

is distributed free of cost and all the costs of these post collection processes are borne by our Club. The patients are not charged any money.

Bangalore Medical Services Trust (BMST) and Rotary TTK Blood Bank are the partners in this cause. Dr. Latha Jagannathan, Medical Director and Managing Trustee of BMST has been one of the pillars. She is ably supported by her committed team at these organizations. All of them are playing a critical role in ensuring the smooth flow of the blood to the needy despite various challenges.

Each Thalassemia patient needs 25 units of blood in a year and this costs Rs. 75,000/- per annum. Most of the patients cannot afford this. Our Club through the funds raised from generous donors, has been endeavoring to ensure that the underprivileged patients do not suffer for want of funds.

Arav, a 3 year old child undergoing transfusion

Blood Transfusion Centre

Snap shot of the units donated and funds spent on Thalassemia patients in the past two years:

Year	No. of blood units given	Cost
2019 - 20	2,079	62,37,000
2020 - 21	1,572	47,16,000

Most of the patients are in the age group 3-20 years.

Through the combined effort of our Club and the TTK Blood Bank, over ten lakhs patients have benefitted. The number of units of blood collected exceeds seven lakhs and nearly two lakhs twenty thousand needy patients have received blood free of cost. These numbers are as of 31st March 2021.

Children at the transfusion centre

Rtn. Lobo thanks his family, his mentors Rtn. Mohammad Jamal, Rtn. Gurmeet Randhawa, and Rtn. Nagesh Simha for encouraging him to take up this cause and serve. He fondly remembers his fellow Rotarians Cyrus, Ann Meher and Ajoy for the all the support they have extended to him in this journey. This cause has been supported by many like-minded people within and outside of Rotary, all of who are giving their time, efforts and funds.

His approach to service reminds one of following verse from the Bible – “ So when you give to the needy, do not sound a trumpet before

you But when you give to the needy, do not let your left hand know what your right hand is doing, so that your giving may be in secret.....”

“Great opportunities to help others seldom come, but small ones surround us every day”. Blood donation is one such opportunity which surrounds us and one can make a difference. Healthy Indian men can donate blood once in 3 months and women can donate once in 4 months. Your little share of blood can give many years of life to someone. Blood donation does not cost you anything but it means the world to the one in need.

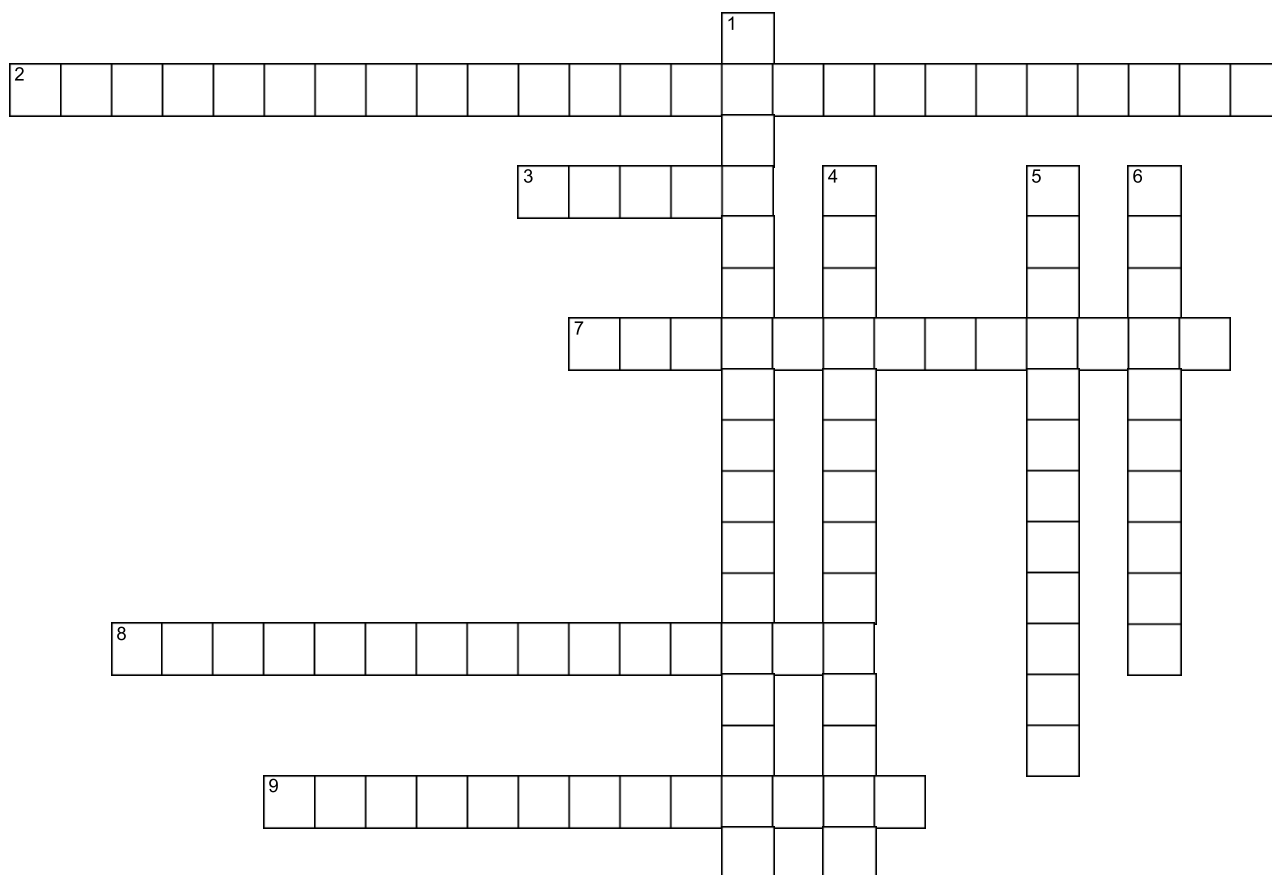

So, please donate blood and save lives.

Eckhart Tolle says, “*Acknowledging the good that you already have in your life is the foundation for all abundance*”. The Story of Blood just reminds us how fortunate we are.

May the Blood be with you!

Community Service Report - Director Rtn. Narssimhan Kannan

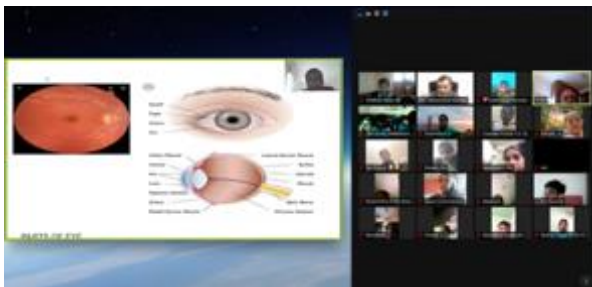

TEACH:

- Five Science Kits were handed over during the month, one each to Garudacharpalya Govt School and to B Narayanapura Govt School and three kits to the Hoodi Govt School.

- A session on "Confidence Building and Developing Social Skills" was conducted by Rtn. Chandra Mouli for the Govt schools at Ejipura, Hoodi, B Narayanapura and Garudacharpalya. The session was conducted in Kannada. Around 60 students and few teachers and HMs attended the session along with several members of Rotary Bangalore Indiranagar Rotarians.

- Another session on "Confidence Building and Development of Social Skills" was facilitated by Rtn. Vipin Labroo on 18th September 2021. It was attended by 140 students (and teachers) drawn from four of our adopted schools, viz., Bhavan's BBMP, Bhavan's Press, Ekalavya, and Sree Guru Harikishan schools.
- A Zoom session on Eye Care for a record of 150 students from the Bhavan's BBMP, Bhavan's Press and Sree Guru Harkrishan High Schools was conducted. Dr. Jnaneshwar from the Globe Eye Foundation was the facilitator.

- The first Asha Saraf Award for Excellence in the Field of Education for the academic year 2021-22 was awarded to the Best Teacher, Ms Chandrika BD of Sree Cauvery School. The prize carries a cash award of Rs. 5000/- and a framed certificate along with a rolling trophy which will be kept in the school.

- A session on “Enhancing Communication Skills” by Rtn. Chandramouli for all the teachers of Shree Cauvery School was conducted. When Rtn. Chandramouli got up on stage in his inimitable style, he started rattling off the introductions and pleasantries in Kannada, Telugu, Tamil, Hindi and English one after the other with such rapidity that all the 50 odd teachers were simply in awe.
- The first set of GS Khanna Excellence Awards (GSK) for the Rotary year 2021-22 was presented at the Navaprajna Public School, Marathahalli on 24th September 2021. Our President Rtn. Fazal Ur Rahaman was the Chief Guest while PP Rtn. O.P. Khanna was the Guest of Honour. The above award was constituted by Rtn. O P Khanna in the year 2003 in the memory of his parents to recognise outstanding students.

BGMS

- Rotary Bangalore Indiranagar and Globe Eye Foundation conducted an **Eye Screening Camp** at **Bharatiya Grameen Mahila Sangh** for the senior citizens housed in the old-age home, Anand Dham and for the children living and studying there.
- Under the auspices of the '**Defeat Diabetes Campaign**' organised by RI District 3190, Rotary Bangalore Indiranagar participated campaign and conducted **100 Blood Sugar tests at the Bharatiya Gramin Mahila Sangh (BGMS)** campus. The tests were conducted by Ann Dr. Sushila Menon and Ann Shamim Fazal and they were ably assisted by President Rtn. Fazal Ur Rahaman, Mr Venkatesha of BGMS and Community Service Director Rtn. Narssimhan Kannan.

Vidyadaan

- On 8th September 2021, around 20 students from Mulbagal were interviewed at St. Annes High School and College, Mulbagal. The unique aspect of this interview was that the interviewers PP Rtn. Raja Kaura, PP Rtn. Karthikeya Reddy, PP Rtn. Jagadeesh and Rtn. Narssimhan Kannan visited Mulbagal rather than having the students coming to the Rotary House for the interview.

Karunashraya

- A cheque of Rs. 1,96,950 (One Lakh Ninety Six Thousand Nine Hundred and Fifty only) was handed over to Karunashraya towards sponsorship of 75 patients under their Rs. 2,626/- scheme. The Cheque was handed over to the CEO Mr. Mathew George Chandy by Karunashraya Committee Chair Rtn. Wg Cdr Ashok Saraf (Retd) in the presence of President Rtn. Fazal Ur Rahaman, Secretary Rtn. Supriya Kandhari, PP Rtn. Col. Subbu, President Elect Rtn. AK Sugunan and Community Service Director Rtn. Narssimhan Kannan.

Eye Care:

Kolar:

- The number of OPD patients were 276 and 332 for the month of July and August respectively. Out of this, 209 patients were provided free treatment and the total number of surgeries carried out in these months was 308 of which 249 surgeries were free of cost. Rotary Bangalore Indiranagar contributed a total of Rs. 2,08,000 in the month of July and Rs. 1,60,000 in the month of August.

Tumkur

- 38 and 30 patients were in the OPD for the month of July and August respectively. Out of this, 12 patients were provided free treatment and the total number of surgeries carried out in these months was 256 of which 176 surgeries were free of cost. Rotary Bangalore Indiranagar contributed a total of Rs. 118,000 in the month of July and Rs. 234,000 in the month of August.

Heart Surgery and Cardiac Rehabilitation Centre:

- The total number of patients that were treated at the **Cardiac Rehabilitation Centre** at the Sri Jayadeva Institute of Cardiovascular Sciences and Research stands at **460**. Out of this, 149 were rehabilitated using echocardiography, 64 using Physiotherapy, & 243 using Yoga and Counselling. The Cardiac Rehabilitation Centre is currently being used as a **vaccination Centre** and **1293** people were vaccinated during the month of September 2021.

Blood for Needy

- Through the donations received from the MCKS Trust and with the help of Rotary Bangalore Indiranagar, the BMST (Rotary TTK Blood bank) issued **1017 free blood units** during the month of September 2021. Out of these, **169 units of blood** were given to **97 Thalassemia patients**. **128 units of blood** were given in Govt. hospitals to the **poor and needy patients**. **720 units of blood** were given through subsidies in Govt. hospitals to the **poor and needy patients**. The total amount donated by the MCKS Trust towards this is **Rs. 11,28,580**.

Mother and Child

- Rtn. Kavita Pishay and Ann Sowmya Srikanth gave a presentation on Menstrual Health & Hygiene Management at the Embassy Tech Village for 80 members of the house keeping staff.
- One more session was conducted at the Sudama Nagar Slum for a batch of 35 girls.

Covid Relief

- Four oxygen concentrators were donated to St. Martha's Hospital.
- The Ladies (Rotarians and Anns) of Rotary Bangalore Indiranagar, headed by the First Lady Shamim Fazal under the auspices of the Zero Hunger Project donated groceries to the

orphanage called RFI Rainbow Home located at Domlur. The Interact Club of Cauvery School also did "Akki Dhana" and gave sweets to the orphan girls living in this home.

- A Free Vaccination Drive was organised at the Rotary House of Service through the joint efforts of Rotary Bangalore Indiranagar and Rotary Spandana. The drive was conducted by BBMP with the help of their officials. This was the result of persistent efforts of President Elect, Rtn. AK Sugunan and IPP, Rtn. Dr. AVS Srikanth.

Paediatric Cancer

- 100 Chemoport Needles were donated to the Paediatric Ward of Kidwai Memorial Institute of Oncology Cancer Research and Training Centre. These were donated by Rtn. Wg Cdr Ashok Saraf (Retd).

Vocational Service Report - Director Rtn. Kavita Kekre

Skill Development Initiative

- The 4th Batch of IT Technician course was started on 15th of September with 14 candidates. The 3rd batch of IT Technician course has been completed and all the 10 students have been placed successfully.

Career Guidance

- On 17th September 2021, a virtual 'Career Guidance' Session for Std IX of Bhavan's Bangalore Press School was conducted by Rtn. Ganesh Balakrishnan. 51 students attended the session.
- The first physical Career Guidance session was held at Shree Cauvery School auditorium for the students of 9th and 10th Grade on two days. The sessions were attended by 240 students.

Vocational Visits

- Virtual Tour of Giza was organised on 2nd September for the students and teachers of Gears innovative school. This was organised jointly with Rotary Cubbon Park for its adopted school, The Little Flower English School, Banashankari. More than 365 students and teachers attended and enjoyed the virtual visit.
- One more virtual tour was organised for the students of Army Public School, ASC Center and college on 8th September, where 207 participants visited the Great Pyramids of Giza

4Way Test

- On September 6th 2021, PP Rtn. Prabhakar Bothireddy spoke about the 4 way test at the installation of Interact club of Navpragna Public School.
- PP Rtn. Col Subbu and Rtn. Narssimhan Kannan explained and emphasised the importance of 4-Way Test at the installations of Rotract clubs of St. Joseph's Evening College.

- Rtn. Narssimhan Kannan illustrated the 4 Way Test using personal life examples at the Rotaract Club of Surana Collage on 11th September and at the Interact Installation at the Army Public School, ASC Centre.

Youth Service Report - Director Rtn. Sridhar Pishay

Speakers

- September being celebrated as youth service month, eminent speakers such as PP PHF Rtn. Hanumanth CR, Justice Santosh Hegde and Dr. Dipti Navaratna were invited to address the Club.

- The Inter Collegiate Quiz was conducted by Arul Mani on 27th of September 2021.

Installations

- Installation of 2 Rotaract Clubs and 3 Interact Clubs was conducted in the month of September 2021.
